## **Equality Act 2010**

In accordance with *The Equality Act 2010*, each person in our school will be given fair and equal opportunities, with positive regard to gender, ethnicity, cultural and religious background, sexuality or disability.

## **Rationale of Religious Education**

In the life of faith of the Catholic school, religious education plays a central and vital part. At the heart of Catholic education lies the Christian vision of the human person. This vision is expressed and explored in Religious Education. Therefore, religious education is never simply one subject among many, but the foundation of the entire educational process. The beliefs and values studied in Catholic religious education inspire and draw together every aspect of the life of a Catholic school. We are committed to classroom RE, then, because all pupils have the right to receive an overall education which will enable them, in the light of the faith of the Church, to engage with the deepest questions of life and find reasons for the hope which is within them (1 Peter 3.15). Religious education is, then, the core subject in a Catholic school.

*(Statement from the Catholic Bishops' Conference of England and Wales 2000)*

## **Aims and Objectives of Religious Education**

The aims and objectives for religious education in our school are essentially as listed in the Bishops' Curriculum Directory as published in 1996. These are listed below but may be summarised as stating that religious education in a Catholic school is the comprehensive and systematic study of the mystery of God, of the life and teachings of Jesus Christ, the teachings of his Church, the central beliefs that Catholics hold, the basis for them and the relationship between faith and life; in a manner which encourages investigation and reflection by the pupils, develops the appropriate skills and attitudes and promotes free, informed and full response to God's call in religious education 'is religiously literate young people who have the knowledge, understanding and skills – appropriate to their age and capacity – to think spiritually, ethically and theologically, and who are aware of the demands of religious commitment in everyday life'.

## **Curriculum religious education in Catholic schools aims to:**

- Promote a knowledge and understanding of Catholic faith and life;
- Promote a knowledge and understanding of the response of faith to the ultimate questions about human life, its origin and purpose;
- Promote the skills required to engage in examination of and reflection upon religious beliefs and practice.
- Ensure a curriculum which takes account of the spiritual and moral development of every individual.
- Ensure that each child begins to understand that the knowledge and concepts he/she acquires will help in the stewardship of God's kingdom.
- Foster loving relationships between children and all members of the school community.
- Support home and parish in their work to develop faith in each child.
- Foster respect, understanding and tolerance between all the cultures and traditions represented not only in the school or its immediate environment but in the world as a whole.
- Relate other areas of the curriculum and all aspects of life to our faith, particularly Global Education.
- Develop an understanding of our world and the inter-dependence of individuals, groups and nations, and the need for justice for all.

### **The objectives of curriculum religious education in Catholic schools are:**

- to develop knowledge and understanding of the mystery of God and of Jesus Christ, of the Church, and of the central beliefs which Catholics hold;
- to develop awareness and appreciation of Catholic belief, understanding of its impact on personal and social behaviour and of the vital relationship between faith and life, life and faith;
- to encourage study, investigation and reflection by the pupils;
- to develop appropriate skills: for example, ability to listen; to think critically, spiritually, ethically and theologically; to acquire knowledge and organise it effectively; to make informed judgements.
- to foster appropriate attitudes: for example, respect for truth; respect for the views of others; awareness of the spiritual, of moral responsibility, of the demands of religious commitment in everyday life and especially the challenge of living in a multicultural, multi-faith society.

### **We recognise our responsibility to ensure that our children have the opportunity to:**

- Explore the beliefs of other Christian Churches as well as other World Faiths
- Explore the importance of Deanery structures within our Diocese and the significance of the Cathedral.
- Ensure that Religious Education in this school makes a significant contribution to the Common Good and Community Cohesion.

### **Religious Education - Curriculum Time Allocation**

10% of curriculum time is allocated to Religious Education. This does not include Collective Worship. In addition to dedicated curriculum time for RE, our wider curriculum has explicit and relevant links to catholic social teaching at the core.

### **Achievement for All**

Equality of opportunity is one of the broad set of common values and purposes which underpin the school curriculum.

- At Sacred Heart School we are careful to ensure that we avoid any risk of stereotyping on the basis of gender, race or religion. To achieve this careful and thorough planning and monitoring of the curriculum and the progress of individual children is carried out to ensure that all children are achieving their full potential.
- The school curriculum is planned in order to develop children's knowledge, understanding and appreciation of Global issues and their own and different beliefs and cultures, and how these influence individuals and societies.
- Pupils are provided with the opportunity to develop their understanding of concepts relating to rights, obligations and justice and the responsibilities of individuals and groups to combat injustice.
- All pupils in our school, irrespective of ability, faith and background, have appropriate differentiated access to our Religious Education programme.

### **Programme of Study**

To fulfil the above aims and to address the four areas of study outlined in the Religious Education Curriculum Directory, 2012 – Revelation, Church, Celebration and Life in Christ - the 'Come and See' programme is used as recommended by the Diocese.

### **Process**

Religious Education is taught through the process of Explore, Reveal, Respond. This follows the pattern of: the human search for meaning, God's initiative in Revelation and the response in faith. This pattern is outlined both in the Catechism of the Catholic Church and in the Curriculum Directory.

## **Methodology**

A variety of teaching and learning strategies will be used from across the curriculum adapted appropriately to the needs and learning styles of pupils.

## **Right of withdrawal from RE**

Parents have the right of withdrawal from RE for their children. See Withdrawal Guidelines.

At least one week's teaching and learning time per year is given to each. All children are given the opportunity to visit places of worship linked to other World faiths.
